BestPack
the total tape sealing solution

AS Series

Automatic Uniform Sidedrive

The BestPack AS series are operator-free, carton sealers designed to meet the needs of uniform in-line carton closure applications. The units are side belt driven, driven by two electric 110V UL approved motors. The AS model closes all top flaps and seals the top & bottom of the box to allow for a totally operator free sealing environment. The AS series carton sealers are designed with a four column support structure. These units use 45-60 PSI and 4-5 CFM of air.

All units are available in standard finish or stainless steel. Also available with 2" or 3" tape head.

Key Points of the Carton Sealer

Does Not Require Operator

Uniform Cartons

Top & Bottom Seal

Features

- In-Line Carton Closure
- Automatic Flap-Folding
- Adjustable Bed Height from 22.5" to 30.0"
- Reduced Cycle Time
- Rugged Construction
- Operator Free Design
- Cost Effective
- Height/Width Adjustments on Either Side of Carton Sealer
- Upper Side Compression Unit
- Tape Roll Lengths: 1000 yd., 1500 yd., 2000 yd.
- Heavy Duty Frame
- UL Approved Electrical Parts

- Capable of Interchanging 2" or 3" Tape Heads
- Electrical on/off box can be mounted on either side of carton sealer
- Designed for Uniform Carton Applications

Options

- Spare Parts Kit
- High Speed Motor Upgrade (Up to 125 ft.)
- Locking Heavy-Duty Casters
- Interlock Safety Gates
- Compatible Indexer: ARX Model
